

Separatism in Western Europe

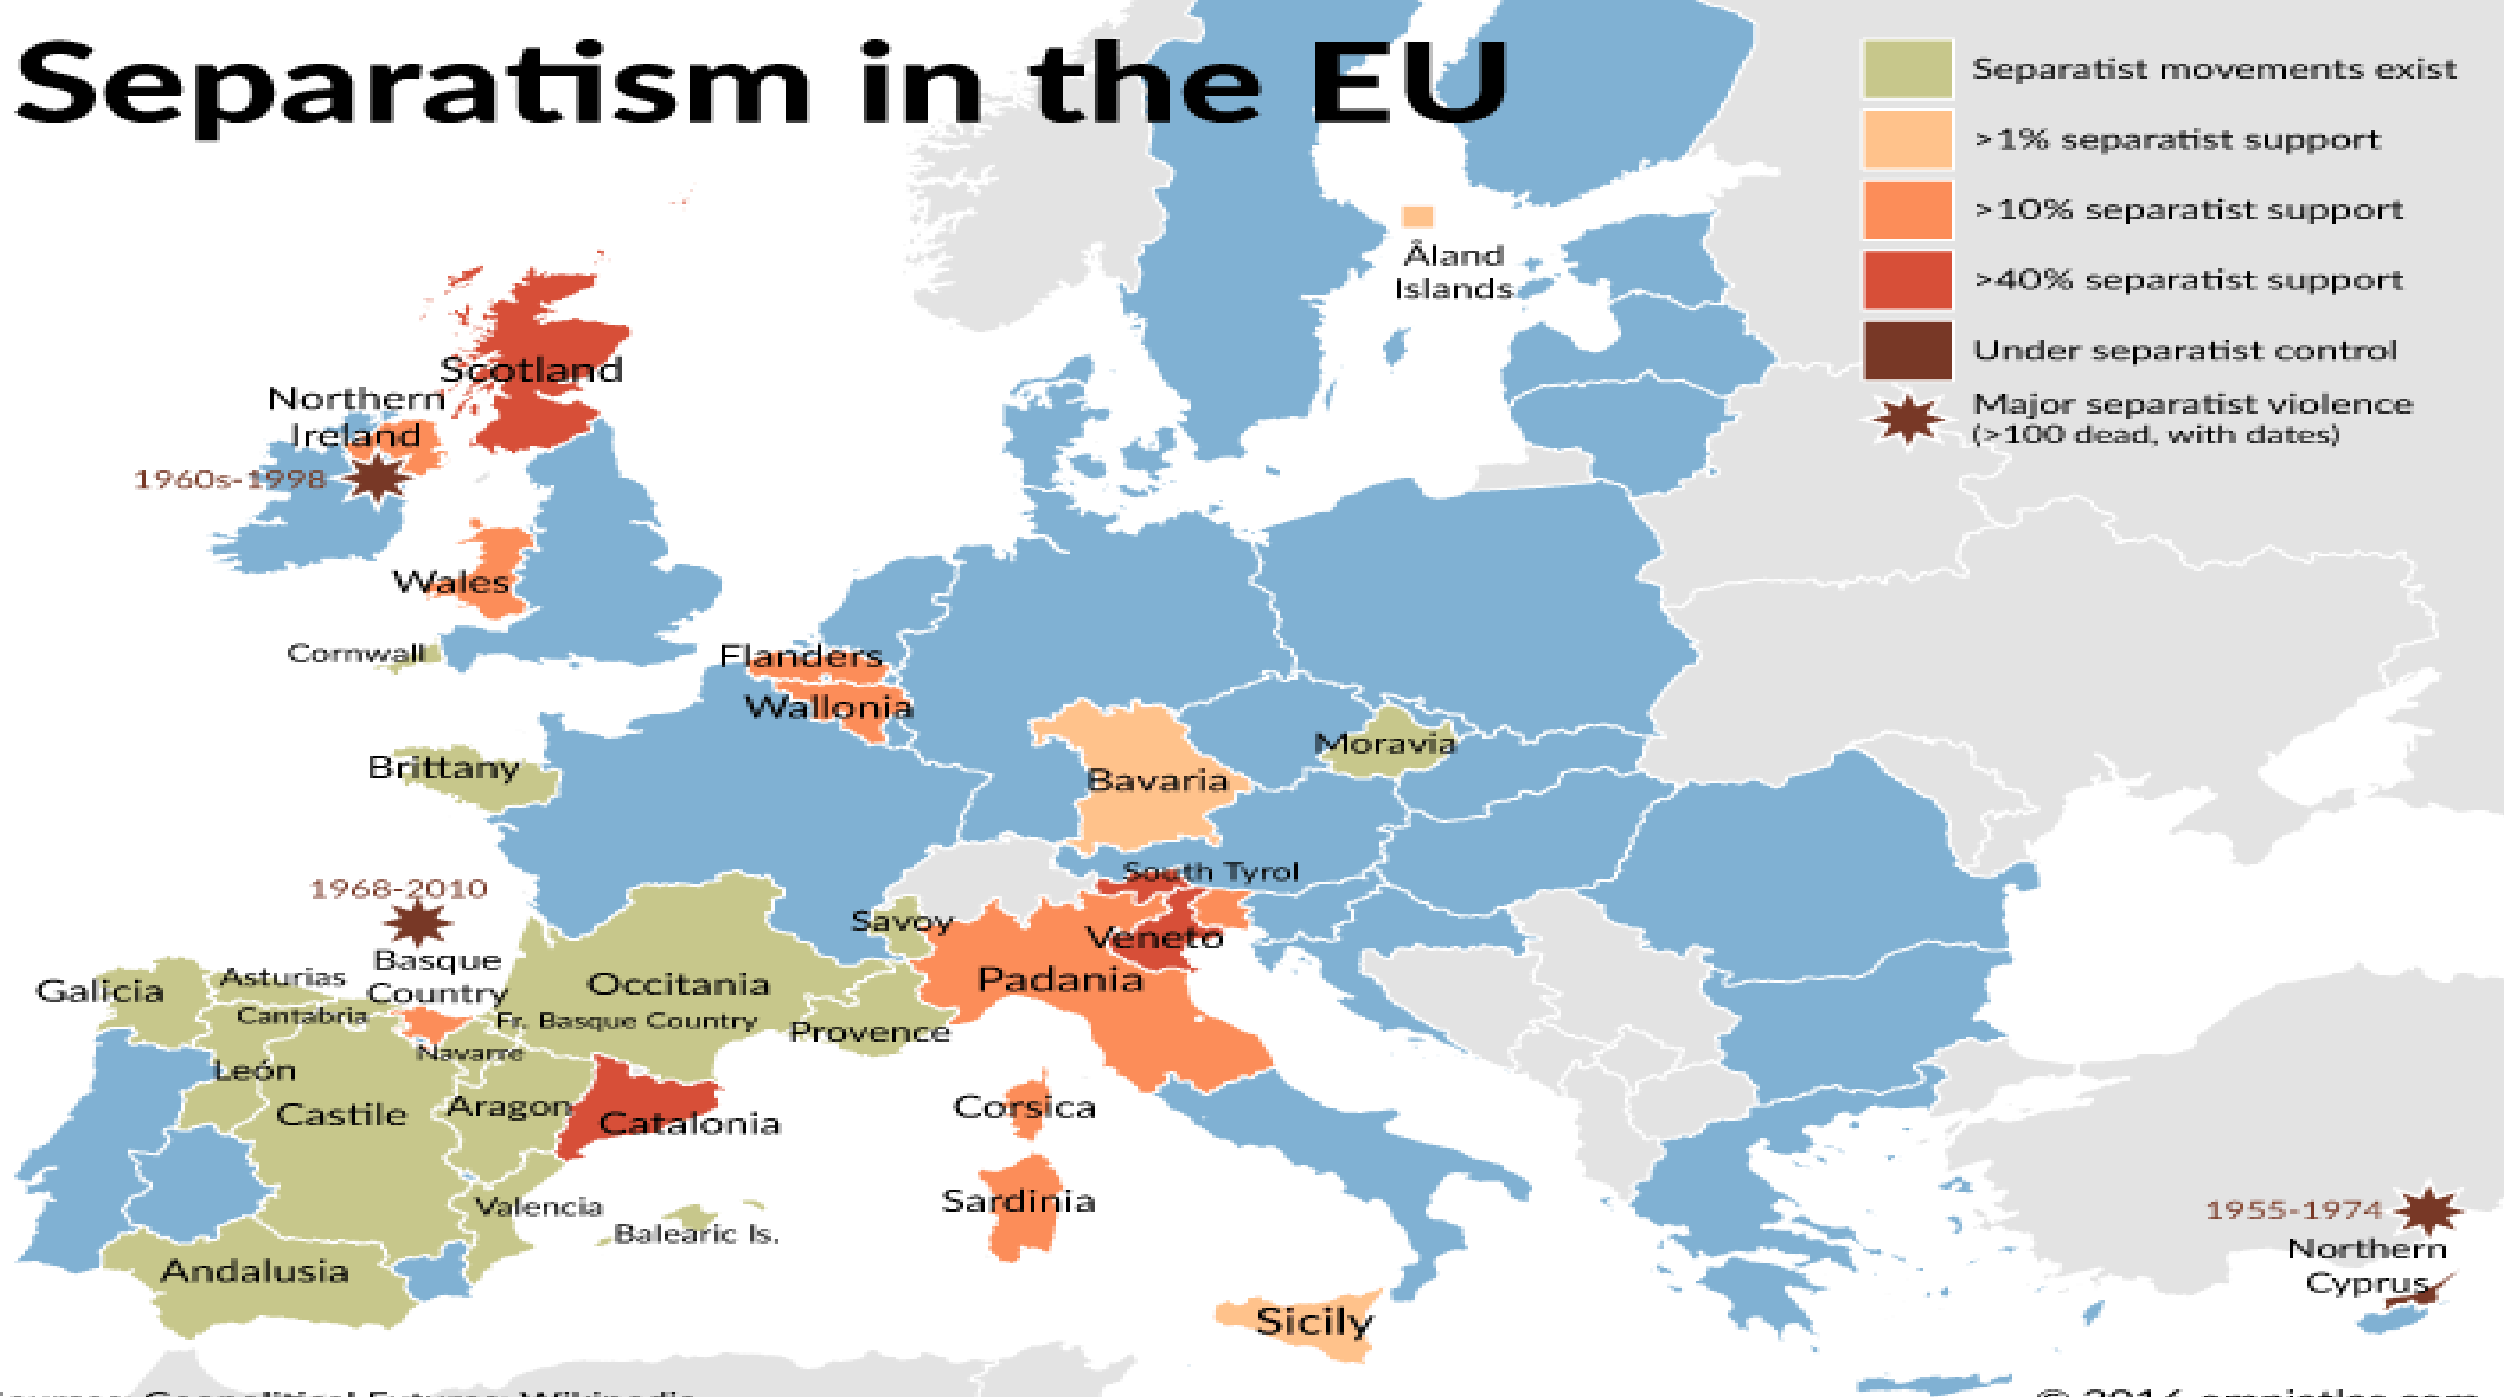

BOGDANOVA POLINA
MO401_111

Separatism

Advocacy of separation of a group of people from the population based on ethnicity, gender, or race.

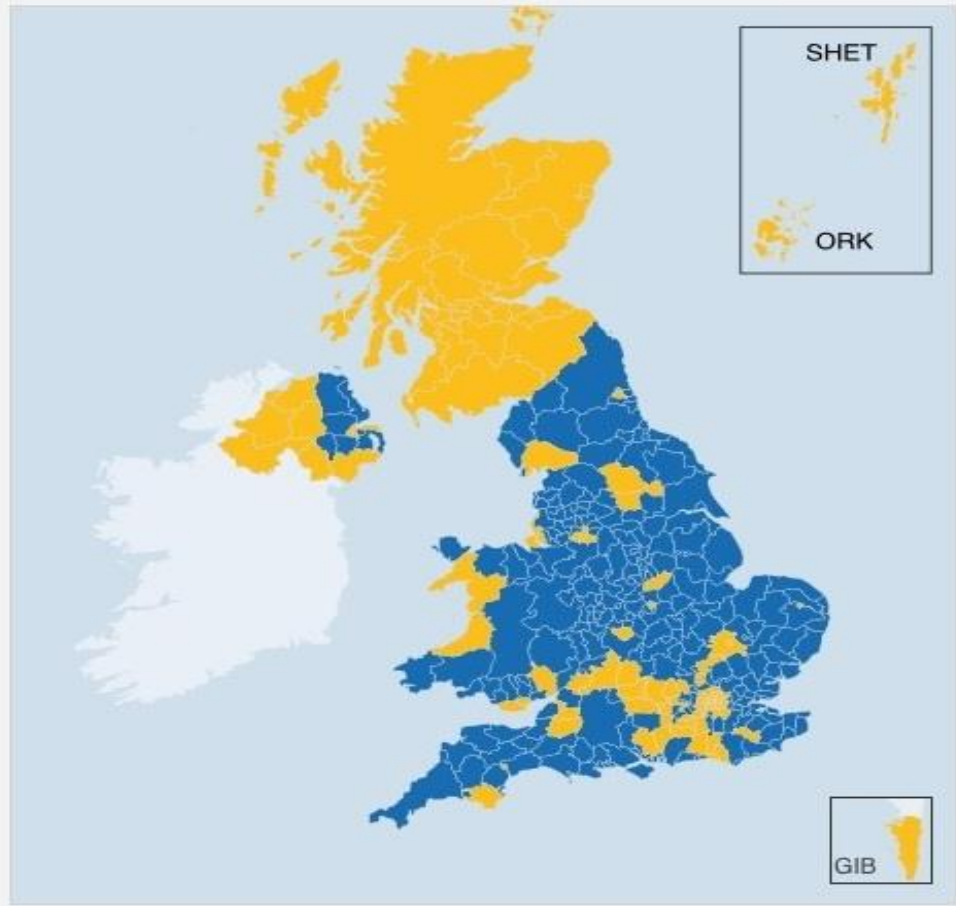

Separatism in the EU

**Who are most at risk of separatism in
Western Europe?**

Scotland and Northern Ireland

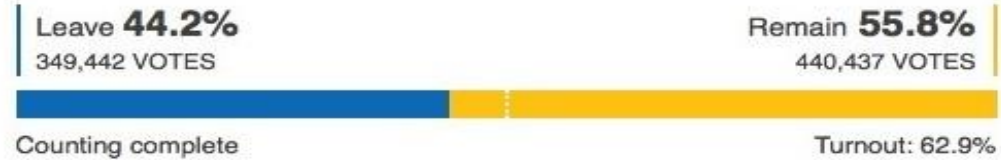

Key:
■ Majority leave ■ Majority remain
■ Tie □ Undeclared

England

Northern Ireland

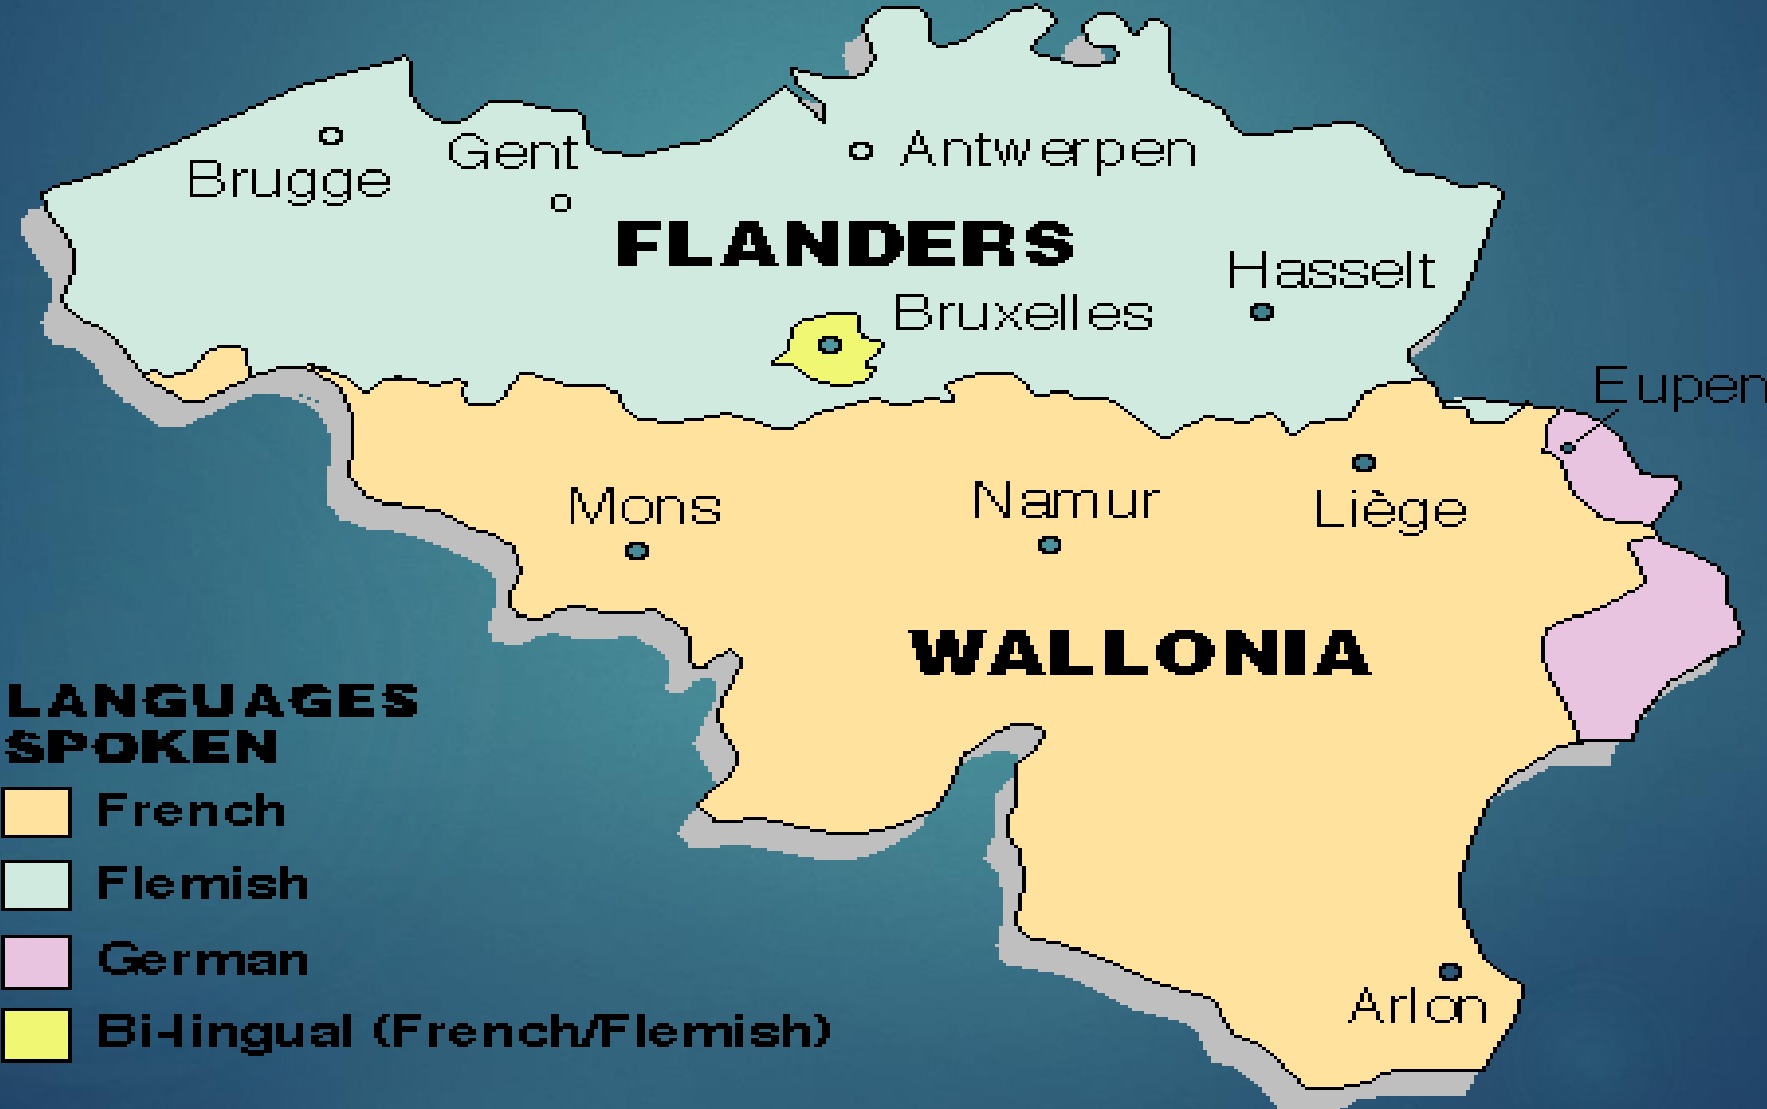

Scotland

Wales

Wallonia and Flanders

The Basque country

Corsica

The National Liberation Front of Corsica

Bavaria

Does Europe go to a new fragmentation?

Possible consequences of separatism

- ▶ Disunity leads to conflict, isolation, wars, and more disunity.
- ▶ Separatism does not lead to progress in the future, but to a regression to the past.

Thank you for attention!
